The Money You Buy

Naturally you want full value for the money you've had to buy with your brains or your muscles.

At this store we feel it up to us to give you clothes that represent full value measured in brains and labor.

We offer you Clothcraft because its makers have put 70 years of the most intense study and hard work into perfecting the manufacture of medium-priced clothes for men and young men.

You'll realize, the moment you try on a Clothcraft suit, what the labor and brains of the makers have given you in clean-up styles, comfort and finished workmanship.

We want to see you, and have you see Clothcraft Clothes.

PRINCE ALBERT

the national joy smoke

in goodness and in pipe satisfaction is all we or its enthusiastic friends ever claimed for it!

It answers every smoke desire you or any other man ever had! It is so cool and fragrant and appealing to your smoke appetite that you will get chummy with it in a mighty short time!

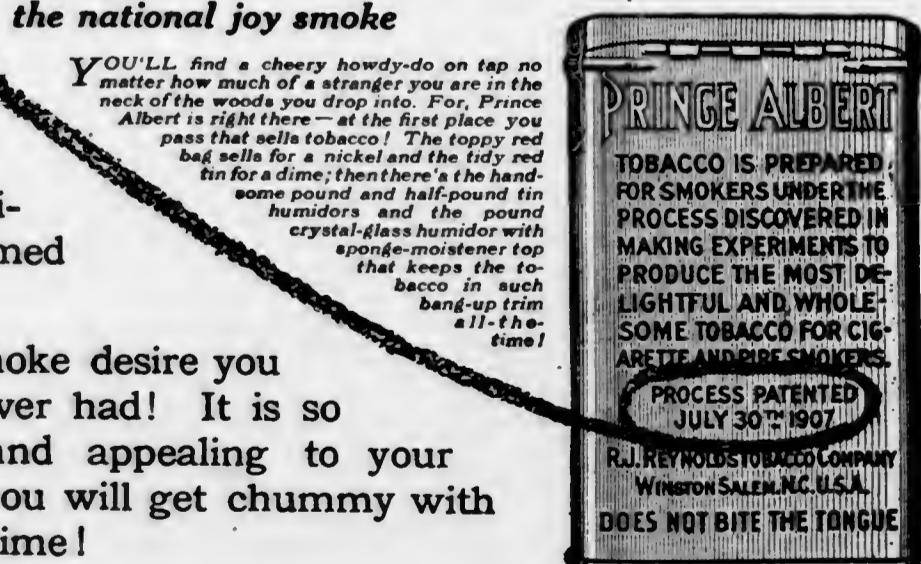

Will you invest 5c or 10c to prove out our say-so on the national joy smoke?

BRODHEAD

J. M. Adams, our Main street merchant, was thrown from his horse Thursday morning on the street between his store and the time. Citizens bank, and it is feared that he received internal injuries that may prove fatal. Mr. Adams has been in very poor health for several months, but his condition was somewhat improved, and he was able to be out most of the time for the past several weeks looking after his business interests. The animal he was riding on this occasion was young, had been

used but little, and became frightened at a passing freight train and was too quick for him. It is hoped, however, that his condition is not as serious as it appeared at the time.

This is the reverse side of the Prince Albert red. Read this "Patented Process" message-to-you and realize what it means to your liking.

Mrs. John Robins underwent a very serious operation at St. Joseph's Infirmary, Friday, Dr. Irvin Abell being the attending surgeon. She is getting along fine and will be able to be brought home in two or three weeks. We learn that Logan Bryant sold to Sam Sayers a Ford car this week. — Ben Riddle and Dick Albright were in Cincinnati the first of the week, and bought themselves a second automobile. Mr. Riddle started home with his car, and had some trouble with it, and left it in Lexington for repairs. Mr. Albright will go after his car about the first of the week. — Mrs. I. R. Storm continues to be on the sick list, tho is slightly improved. — Miss Clyde Watson and Mildred Robins were in Louisville, from Thursday until Tuesday, with Mrs. Robins a St. Joseph's Infirmary. — The writer, having been in Louisville for the past week, is not informed as to the latest happenings, but we are expecting our welcome these good people back

Livingston friend to furnish us to our town as they were once subject matter for next week. We natives of this city.—John Cockrel, after a few day's visit with relatives and friends in Paris, has returned to our burg.—Edgar Herd is working a few days in the dispatcher's office at Paris, Ky.—Earl Rice came in from Louisville, Saturday night, and took his wife back with him Sunday — Mrs. Rice has been visiting relatives here for the past month.—Mr. and Mrs. J. H. Browning and children will start on a visit to Salt Lake City in a few days.—Mt. Vernon was well represented at the Jr. O U.A.M. picnic, Tuesday. There were over fifty, and of course, being so many, we will not try to give the list.—Mrs. C. A. Blanford and daughter, Miss Ella Mae, are spending a few days with relatives in Louisville.—Mrs. Edd Quinn, of Paris, is visiting her parents Mr. and Mrs. J. B. Hayes.—Mrs. I. W. Catlin is spending a few days with relatives in Lebanon, Ky.—Mr. and Mrs. Lee Roy Cox have returned from London after a few days' visit with relatives in that city. — Mr. and Mrs. Lee Black and children, after spending a few days with relatives at East Beanstadt, have returned home.—Hon. Elisha Bullock, of the Scaggs Creek section, was in our town Tuesday.—Our Brodhead friend seems to jump the subject of politics and is silent on that subject, since the republicans at Chicago got up to the glass painted and powdered their faces and curled their hair, and asked the Bull Moose to come over and make love to them. Well, it is all over with them any way, for they have called in the pall bearers and they are now picking at the cover which is a sure sign of death.—Our Brodhead friend wishes to cross swords with us concerning our write-up of the road question and thinks we tried to hand the Fiscal Court a lemon. — We will say in the outset that we hold each member of the Fiscal Court in the highest esteem and think they are gentlemen, as some of the members are old Level Green school masters and one is a brother in law. Our County Judge we have always liked. The others we are not personally acquainted with, but we know that they are gentlemen or they could not have been elected to the office they now hold. If we have gone beyond our limit we are willing to make amonement. If the gentleman thinks we have intended to hand any one a lemon, he has a wrong conception of the English language. We have no criticism to offer and no fault to find with Brodhead, should the road only go to Brodhead, but the thing we want and the thing this section is looking for, is a road from our town which will lead us right into the good town of Brodhead. Work started on this end of the line Wednesday and we are looking forward to that good day when Livingston, Mt. Vernon and Brodhead will be joined by a splendid pike. With the following lines dedicated to the Brodhead correspondent we close:

CATARRH CANNOT BE CURED with LOCAL APPLICATIONS as they cannot reach the seat of the disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. LIVINGSTON

THE Jr. O.U.A.M. picnic given by that order here Tuesday was well attended. There was a large crowd, being some from East Beanstadt, Liy, London and Mt. Vernon, the latter being especially well represented by over fifty from that place. There were refreshments on the grounds, speaking, bicycle races, the fat woman's race and other amusements in the evening. There was a game of ball played between Livingston and Mt. Vernon, with the score in favor of Mt. Vernon.—Con Asher spent the Fourth at Berea.—Mr. and Mrs. Claud Griffin, of the Buckeye section, were visiting relatives here later part of last week. — There were services at the Christian church, Saturday and Sunday, conducted by the Rev. Baker, of London, — J. L. Hughes, after several days visit with relatives in Indiana, has returned.—D. B. Rambo and Thomas Arguebright, were in Louisville, Monday. — Mr. and Mrs. J. T. Omary and children have returned from Knoxville after several days visit in that city.—Mrs. Hugh Jenkins, who has been sick for quite a while continues about the same.—James Devault, of Lebanon Junction, attended the picnic here the Fourth.—J. R. Mink was in Louisville on business Tuesday.—Mrs. Grant Hilton, of Jellico, is visiting relatives here this week.—Mr. and Mrs. R. L. Mattingly, of Covington, are visiting relatives here.—J. M. Four, the blind man, has returned from Irvine and other towns in the mountains and claims that he took in \$90 white he was gone. This does well for a blind man.—Harry Gehring, of Louisville, will move his family here in a few days. We welcome these good people back

to our town as they were once subject matter for next week. THE BLOCKADE BOOT
ON THE OTHER LEG.

From time to time since the European war began, protest has been made by Germany, by pro-Germans in this country, and by uninformed or sentimental people generally, against the methods of the blockade imposed by the allies against the central powers.

Especially has it been charged that the allies had no right to interfere with our commerce in articles that the blockade powers wanted to buy from us. Cotton has been the pet grievance of a certain class of publicists.

Many months ago The Times pointed out, first, that the allies are conducting their blockade under American-made rules dating to the civil war; and, second, that no country on earth has more reason for maintaining the most liberal construction of the superior power's privileges in conducting a blockade, because in almost any war that this country might wage in the western world the blockade of our enemy would be a chief weapon in our hands.

Now comes the precise parallel to the conditions that the allies have had to meet. It comes sooner than expected, more impressively than we might wish.

We are on the verge of war with Mexico. We may be in war before another day passes. The blockade has already been arranged and outlined. Sufficient naval force has been sent to both the east and west coasts of Mexico to seal the country. Munitions, foodstuffs, general supplies, will be placed under the ban the instant war is declared.

Shall our German sympathizers protest that we are going to starve the innocent, the noncombatants, the women and children of Mexico? That is what they have charged against the allies' blockade of middle Europe. Or will they realize, as the rest of us have realized in connection with the European situation and as the Washington Government insisted during the civil war, that such means will bring the issue sooner and therefore lessen the horrors of conflict? We rather opine that an American blockade of Mexico will arouse vastly less outcry in behalf of "oppressed humanity" than a British blockade of Germany. But it is the same thing.

Another parallel. Britain and France have been compelled to close the Scandinavian and Dutch gateways of ingress to Germany. They have imposed severe conditions, and have inflicted undoubtedly hardships on neutral commerce. But what are we about to do in a like situation?

Already we are reminded that Guatemala, on the southern border of Mexico, is the one neutral through which supplies may be introduced into Mexico. We might build a cement wall a mile high around all Mexico, save the Guatemala front; and yet, if that frontier be left open, Carranza could twiddle his fingers at us in glee, and bring through the Guatemalan ports and over the border to Mexico, all the guns and ammunition and food stuffs and what not he might be able to buy all over the world. It would be no blockade at all with little Guatemala wide open, precisely as the allies' blockade of Germany would be a derision with Sweden, Norway, Denmark, and Holland free to pipe in the war necessities of a world.—Louisville Times.

Washington, July 5.—The crisis between the United States and Mexico virtually came to an end today when a friendly conciliatory note from the de facto Government was handed to Secretary Lansing and promptly communicated to President Wilson.

Formal statement of the attitude of the Washington Government must await the President's action, but there is no doubt in the minds of officials that the way has been opened for an amicable adjustment of the dispute as to the border situation, which brought the two Governments to the verge of war.

Secretary Lansing himself would make no comment. He gave the impression, however, that General Carranza's suggestion that there is no pending question between the Governments that cannot be readily answered by friendly negotiations meets with quick sympathy here.

ANXIOUS TO AVERT WAR

Mr. Lansing is known to share President Wilson's desire that hostilities be avoided if there is any possible way to safeguard American border interests without a clash with the Carranza Government. The new Mexican communication so plainly indicates a similar desire that a further interchange of views is expected to begin immediately looking to joint efforts to curb border bandits and other irresponsible agencies that have worked to embroil the two Governments.

High officials were very much impressed by the complete change in tone shown in Gen. Carranza's new note. It was described by one as more than conciliatory. There seems to be no disposition to doubt that the United States on its side would be willing to arrange for the early withdrawal of the expeditionary force from Mexico.

With more than 150,000 regulars and National Guardsmen soon to be available for border patrol work, the necessity for keeping men at Mt. Pisgah last Sunday, Gen. Pershing's columns any greater distance beyond the line and Mrs. J. J. Nichols is very sick has lessened, according to many officials. Ample forces are at hand to control the situation, even if the Mexican troops now assembled in Northern Mexico are unable immediately to guarantee

FURTHER RAIDS IMPOSIBLE.

In any event, it was pointed out, will be impossible for any considerable force of bandits to assemble for an attack across the line such as the raid on Columbus, N. M., if Gen. Carranza carries out the promises made in his note to employ all efforts" that may be at his disposal to avoid the situation.

HWY MENDURE SUMMER COLDS?

It isn't necessary to have a stuffed head, running nose. To cough your head off as it were. All you need do is to use Dr. Bell's Pine Tar Honey. The soothing

and healing balsams open the clogged air passages and in a short time you get relief and start on the road to recovery. Your nose stops running, you cough less and you know you are getting better. Get a bottle, use as directed. Keep what is left as a cough and cold insurance.

CONSTIPATION AND INDIGESTION

"I have used Chamberlain's Tablets and must say they are the best I have ever used for constipation and indigestion. My wife also used them for indigestion and they did her good," writes Eugene S. Knight, Wilmington N. C. Chamberlain's Tablets are mild and gentle in their action. Give them a trial. You are certain to be pleased with the agreeable laxative effect which they produce obtainable everywhere.

So we are prepared already to adopt the allies' tactics: to impose conditions on Guatemala that will prevent it from destroying our blockade. We will treat Guatemala now as we treated Mexico in the civil war, as Britain treated Holland. It may be destructive of a coveted Guatemala; opinion for quick and unanimous profits; it may even prevent some thoroughly neutral Americans—in this case, however, their neutrality would not be easily differentiated from treason—from selling supplies to our enemy. That may shock people who have been so indignant about the allies closing the doors to Germany, but we guess folks who are indignant about the employment of these weapons by the United States when the United States needs them, will not be so vocal in their protests. They might find it bad for their health.

The blockade boot is suddenly on the other leg.

MRS. JUDITH THOMPSON,
West Main Street.

Lewis Reams of Orlando seems
to have had a very impolite cus-
tomer in his store last week, as he
went in at the window in the night
and carried off some of his stock.

Robert and Linville Mullins and
Oscar and Arthur Reams of Dud-
ley were among the witnesses in
the above case here Wednesday.

BAD MURDER:-The worst mur-
der ever committed in the county,
occurred last week, on the east side
of the county, when John Martin,
aged 24, shot and mortally wounded
Parker Browning, aged 20, who died
Tuesday as the result of the wound.
Excitement is running high and the
citizens of the East Side are very much enraged at the
horrible act. The story as given
to us from those who have been on
the ground and talked with eye
witnesses is as follows: Martin was
a notorious moonshiner and it is
said had been drunk for several
weeks. Browning went to Bill
Martin's home, to see John Martin
to get some moonshine. Hearing
the younger Martin a short distance
from house, Browning went down
where he was and approaching
him, Browning, according to
his dying declaration, laid his
hand on Martin's shoulder and
told him he was glad to see him,
when Martin struck Browning,
knocking him down and as he
"Browning," started to get up,
Martin shot, the ball entering near
the collar bone, coming out just
above the hip, passing almost
through the body. Young Brown-
ing was taken to the Richmond
hospital, where he died Tuesday.
The officers have been scouring
that section since Tuesday, re-
turning last evening, after learning
definitely that Martin had fled
to Clay county, his former home.
While searching for Martin, the
officers found his moonshine still
which was promptly destroyed.
Sheriff Mullins, Jailer Winstead
and the citizens of the East Side
have offered a reward of \$50, and
the Governor has been asked to
double the amount. Young
Browning is said to have been a
peaceable, honorable and hard
working young man. Sheriff Mu-
llins will mail out this week photos
and descriptions of Martin and
there will be no let up in the search
until Martin is behind the prison
bars.

A few cases of typhoid have
been reported in different sections
of the county. Now is the time
to begin the precaution. In this
connection we think it wise to call
attention to some cleaning up
which is being badly needed right
here in Mt. Vernon and where the
property owners ignore the impor-
tance of doing so, the health board
and officials will do a great blessing
by seeing that these unsanitary
places are cleaned up and kept
clean.

BILLIOUS AND
STOMACH TROUBLE

"Two years ago I suffered from
frequent attacks of stomach trouble
and biliousness," writes Miss
Emma Verbrake, Lima Ohio. "I
could eat very little food that
agreed with me and I became so
dizzy and sick at my stomach at
times that I had to take hold of
something to keep from falling.
Seeing Chamberlain's Tablets
advertised I decided to try them.
I improved rapidly." Obtainable

Bulletin No. 5

The Bethlehem Steel Company's Offer to Serve the United States

At a time when the expenses of the Government are so enormous—

Isn't it worth while finding out the actual facts before plunging ahead into an expenditure of \$11,000,000 of the people's money for a Government armor plant?

To clear up the whole situation, and to put it on a basis as fair and business-like as we know how to express it, we now make this offer to the Government:

The Bethlehem Steel Company will manufacture armor plate for the Government of the United States at actual cost of operation plus such charges for overhead expenses, interest and depreciation as the Federal Trade Commission may fix. We will agree to this for such period as the Government may designate.

The House of Representatives voted down a proposal to empower the Federal Trade Commission to determine a fair price for armor, and allow private manufacturers opportunity to meet that price before the Government built its plant.

Isn't our proposition fair and ought it not to be accepted?

The measure is now before the United States Senate.

You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you.

You can't make a mistake in taking

CARDUI
The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Beginning taking Cardui today. Sold by all dealers.

Has Helped Thousands.
